Mohamad Sina Kheiri

Front-End Developer(Next.js/React.js)

As a **Next.js/React.js developer** with **4 years of experience** in **frontend development**, I possess a diverse skill set of **25+ technical abilities**. I am proficient in web development, whether using **popular frameworks** or working with vanilla HTML, CSS, and JavaScript and I have experience working with various technologies such as **Next.js, React.js, Typescript, Redux Toolkit and Material UI**.

I also have the knowledge and skills for UI Design and I have created **User personas, Wireframes, High fidelity projects** and **Prototypes** using **Figma and Adobe XD**.

With a strong focus on delivering **high-quality code** and **exceptional user interfaces**, I am committed to staying **up-to-date** with the latest industry trends and best practices.

Persian(mother tongue)
English(Advanced)

PROJECTS [viewable by attached links and code is available in my github]

- **Portfonext**[**Front-end Development(Next.js - ts)**]

Portfonext is my personal **portfolio** project that is currently under development.

It showcases my abilities in **front-end development, UI design** and **up-to-date technologies**.

- **Farzam.at**[**Front-end Development(Next.js - ts)**]

Farzam.at is a startup project for design and coding services that I have collaborated on.

- **Bluetek** [**Front-end Development(Vanilla)**]
- **Blue Wallet** [**UI/UX Design**]

As a key contributor to the Bluetek project, I designed and developed 5 unique landings and profiles and 1 app that were both **visually appealing and user-friendly** and met the requirements of a **crypto-based** website and app.

- **Modernist** [**Front-end Development(Vanilla)**]

Modernist is a personal project that showcases my expertise in **HTML template design**.

It features a highly customizable HTML Template with four editable options and 12 color palettes to choose from, allowing users to create unique and personalized designs.

- **Park Speedy** [**UI/UX Design**]

Park Speedy is a Figma project that showcases my **UI/UX design** skills for a startup app aimed at solving parking space issues.

- **Academy Hamrah** [**UI/UX Design**]

Designed and developed a responsive UI/UX for Academy Hamrah's game developing event using Figma.
